

REMARKS

Claims 5 and 6 are amended to make minor grammatical corrections and address proper antecedent basis issues.

In particular, claim 5 is amended to recite “a conductance of the first conductance amplifier” because “a first conductance amplifier” is already recited in claim 1.

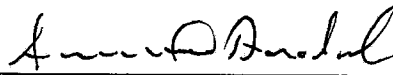

Claim 6 is amended to add the word “is” before the word “arranged” so that the claim now recites “wherein the calculation circuit is arranged as an equi-ripple filter.”

Applicant respectfully requests entry of the amendments.

Please apply any other charges or credits to Deposit Account No. 06-1050.

Respectfully submitted,
